SUMMARY

Integrated M.Tech student with strong foundations in Java, DSA, DBMS, Operating Systems, Computer Networks and Cloud Computing. Passionate about AI, software engineering and building impactful applications through research and real-world projects.

EDUCATION

Integrated M.Tech in Software Engineering, VIT-AP University	2022–2027
CGPA: 9.22	
Sri Chaitanya Junior College	2020–2022
Intermediate: 96.5%	
Sri Chaitanya School	2019–2020
10th (State Board): 100%	

TECHNICAL SKILLS

Languages: Java, Python (Basics)	Database: SQL
Web: HTML, CSS	Tools: Git, VS Code, Canva, Figma
Core: DSA, OOPS, DBMS, OS, CN, Cloud Computing	Testing: QA
Methodologies: Agile (Scrum), SDLC	Development: CI/CD

ACADEMIC PROJECTS

Spanish Manuscript Summarization	2025
Python NLP Transformers ROUGE	
GitHub Repository	

- Built an NLP system to summarize Spanish manuscripts using transformer models.
- Evaluated summary quality using ROUGE metrics.

Cloud Computing Platform Comparison Research	2024
AWS Azure Google Cloud Platform	

- Compared cloud platforms on scalability, pricing, security and services.
- Studied platform suitability for different application requirements.

AI Recipe Recommender	2024
HTML CSS JavaScript	

- Built an ingredient-based recipe recommendation system using similarity matching and ranking.
- Designed a responsive interface for real-time recipe recommendations.
- Improved user experience by providing fast and relevant recipe suggestions based on available ingredients.

Cloth Rental System	2024
HTML CSS PHP JavaScript	
GitHub Repository	

- Developed a web application with browsing, booking and rental management.
- Created a responsive interface to simplify the clothing rental process.
- Implemented secure database integration for storing user, product and rental information.

CERTIFICATIONS & ACHIEVEMENTS

Certifications: SQL Basics (HackerRank), Java Basics (HackerRank), Agile Project Management (HP)

Achievements: University Merit Certificates (7th and 10th ranks in consecutive academic years).

Leadership: Member, CSI Chapter; Organizer of the Snake and Coders event.

Strengths: Problem Solving, Teamwork, Communication.
